You may complete California Form DE 4 so the Payroll Department can calculate the correct amount of tax to withhold from your pay. California income tax is withheld from your wages based on what you claim on the Employee's Withholding Allowance Certificate (form DE 4). You can file a new DE 4 Form anytime your tax situation changes.

Whether you are entitled to claim a certain number of allowances or exemptions from withholding is subject to review by the State. Your employer may be required to send a copy of this form to the Agency.

You can make changes to your withholding allowances online using the downloaded updateable PDF form and submit the changes for processing by your payroll department. Be sure to print or save a copy of the completed form for your records.
