

Illness and Injury Prevention

1026.1 PURPOSE AND SCOPE

The purpose of this policy is to establish an ongoing and effective plan to reduce the incidence of illness and injury for members of the San Diego Community College District PD, in accordance with the requirements of 8 CCR 3203.

This policy specifically applies to illness and injury that results in lost time or that requires medical treatment beyond first aid. Although this policy provides the essential guidelines for a plan that reduces illness and injury, it may be supplemented by procedures outside the Policy Manual.

This policy does not supersede, but supplements any related Educational Institutionwide safety efforts.

1026.2 POLICY

The San Diego Community College District PD is committed to providing a safe environment for its members and visitors and to minimizing the incidence of work-related illness and injuries. The Department will establish and maintain an Illness and Injury Prevention program and will provide tools, training and safeguards designed to reduce the potential for accidents, illness and injuries. It is the intent of the Department to comply with all laws and regulations related to occupational safety.

1026.3 ILLNESS AND INJURY PREVENTION PLAN

The Administration Regional Lieutenant is responsible for developing an illness and injury prevention plan that shall include:

- (a) Workplace safety and health training programs.
- (b) Posted or distributed safety information.
- (c) A system for members to inform management about workplace hazards.
- (d) Establishment of a safety and health committee that will:
 - (a) Meet regularly.
 - (b) Prepare a written record of safety and health committee meetings.
 - (c) Review the results of periodic scheduled inspections.
 - (d) Review investigations of accidents and exposures.
 - (e) Make suggestions to command staff for the prevention of future incidents.
 - (f) Review investigations of alleged hazardous conditions.
 - (g) Submit recommendations to assist in the evaluation of member safety suggestions.
 - (h) Assess the effectiveness of efforts made by the Department to meet relevant standards.

Illness and Injury Prevention

- (e) Establishment of a process to ensure serious illnesses or injuries and death are reported as required by the Division of Occupational Safety and Health Administration (Cal/OSHA) (8 CCR 342).
- (f) Reference <https://www.sdccd.edu/about/departments-and-offices/human-resources/risk-management/occupational-safety.aspx>

1026.4 ADMINISTRATION REGIONAL LIEUTENANT RESPONSIBILITIES

The responsibilities of the Administration Regional Lieutenant include but are not limited to:

- (a) Managing and implementing a plan to reduce the incidence of member illness and injury.
- (b) Ensuring that a system of communication is in place that facilitates a continuous flow of safety and health information between supervisors and members. This system shall include:
 - 1. New member orientation that includes a discussion of safety and health policies and procedures.
 - 2. Regular member review of the illness and injury prevention plan.
 - 3. Access to the illness and injury prevention plan to members or their representatives as set forth in 8 CCR 3203.
- (c) Ensuring that all safety and health policies and procedures are clearly communicated and understood by all members.
- (d) Taking reasonable steps to ensure that all members comply with safety rules in order to maintain a safe work environment. This includes but is not limited to:
 - 1. Informing members of the illness and injury prevention guidelines.
 - 2. Recognizing members who perform safe work practices.
 - 3. Ensuring that the member evaluation process includes member safety performance.
 - 4. Ensuring department compliance to meet standards regarding the following:
 - (a) Respiratory protection (8 CCR 5144)
 - (b) Bloodborne pathogens (8 CCR 5193)
 - (c) Aerosol transmissible diseases (8 CCR 5199)
 - (d) Heat illness (8 CCR 3395; 8 CCR 3396)
 - (e) Emergency Action Plan (8 CCR 3220)
 - (f) Fire Prevention Plan (8 CCR 3221)
 - (g) Hazards associated with wildfire smoke (8 CCR 5141.1)
- (e) Making available the Identified Hazards and Correction Record form to document inspections, unsafe conditions or work practices, and actions taken to correct unsafe conditions and work practices.

Illness and Injury Prevention

- (f) Making available the Investigation/Corrective Action Report to document individual incidents or accidents.
- (g) Making available a form to document the safety and health training of each member. This form will include the member's name or other identifier, training dates, type of training, and training providers.
- (h) Conducting and documenting a regular review of the illness and injury prevention plan.

1026.5 SUPERVISOR RESPONSIBILITIES

Supervisor responsibilities include, but are not limited to:

- (a) Ensuring member compliance with illness and injury prevention guidelines and answering questions from members about this policy.
- (b) Training, counseling, instructing or making informal verbal admonishments any time safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Standards of Conduct Policy.
- (c) Establishing and maintaining communication with members on health and safety issues. This is essential for an injury-free, productive workplace.
- (d) Completing required forms and reports relating to illness and injury prevention; such forms and reports shall be submitted to the Administration Regional Lieutenant.
- (e) Notifying the Administration Regional Lieutenant when:
 - 1. New substances, processes, procedures or equipment that present potential new hazards are introduced into the work environment.
 - 2. New, previously unidentified hazards are recognized.
 - 3. Occupational illnesses and injuries occur.
 - 4. New and/or permanent or intermittent members are hired or reassigned to processes, operations or tasks for which a hazard evaluation has not been previously conducted.
 - 5. Workplace conditions warrant an inspection.

1026.6 HAZARDS

All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Illness and Injury Prevention

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on an Identified Hazards and Correction Record form. This form should be forwarded to the Administration Regional Lieutenant via the chain of command.

The Administration Regional Lieutenant will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

1026.7 INSPECTIONS

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

The Administration Regional Lieutenant shall ensure that the appropriate documentation is completed for each inspection.

1026.7.1 EQUIPMENT

Members are charged with daily vehicle inspections of their assigned vehicles and of their personal protective equipment (PPE) prior to working in the field. Members shall complete the Identified Hazards and Correction Record form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

1026.8 INVESTIGATIONS

Any member sustaining any work-related illness or injury, as well as any member who is involved in any accident or hazardous substance exposure while on-duty shall report such event as soon as practicable to a supervisor. Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

- (a) A visit to the accident scene as soon as possible.
- (b) An interview of the injured member and witnesses.
- (c) An examination of the workplace for factors associated with the accident/exposure.
- (d) Determination of the cause of the accident/exposure.
- (e) Corrective action to prevent the accident/exposure from reoccurring.
- (f) Documentation of the findings and corrective actions taken.
- (g) Completion of an Investigation/Corrective Action Report form.
- (h) Completion of an Identified Hazards and Correction Record form.

Illness and Injury Prevention

Additionally, the supervisor should proceed with the steps to report an on-duty injury, as required under the Occupational Disease and Work-Related Injury Reporting Policy, in conjunction with this investigation to avoid duplication and ensure timely reporting.

1026.9 RECORDS

Records and training documentation relating to illness and injury prevention will be maintained in accordance with the established records retention schedule.
